

Eastern Victoria GP Training

› Strategic Directions 2016 - 2018

Vision

A healthier community through excellence in general practice education and training.

Mission

Provide high quality education, training and support for GP registrars, supervisors and training practices across eastern Victoria.

Care

- › For people
- › For our communities
- › In what we do
- › In governance

Capability

- › Trusted professionals
- › Expert
- › Research-led
- › Innovation
- › Best-practice
- › Excellence

Commitment

- › To outcomes
- › To future health needs
- › To service
- › To sustain
- › To team

Connection

- › To community
- › To integrate metro & rural
- › To the health system
- › To collaborate

Objectives

- › Highly skilled and committed GPs
- › Supporting development for future health needs
- › A committed and valued community of registrars, supervisors, practices, medical educators and staff
- › An efficient and integrated training model
- › Responsible financial, governance and risk management

Priorities

- › Position EV for success through strengths of legacy organisations
- › Apply evidence-based insights to prepare and respond to health training needs
- › Enhance learning outcomes and delivery through innovative approaches
- › Develop effective learning and research communities among stakeholders
- › Ensure a sustainable approach through efficiencies
