

Expression of Interest—2020

Eastern Victoria GP Training (EV) is proud to offer Rural pathway registrars the opportunity to further develop skills in an area of special interest.

Skills Training posts in Gippsland are subject to funding and availability. All posts aim to meet the medical services needs of rural communities.

Skills Training Posts

Registrars interested in Skills Training as part of either ACRRM or RACGP are encouraged to contact EV directly to discuss future options and potential posts in Gippsland.

Opportunities for 12 month posts may exist in several disciplines and will be subject to funding and availability.

- Academic
- Adult Internal Medicine
- Anaesthetics
- Aboriginal Health
- Aged Care
- Emergency Medicine
- Medical Education
- Mental Health
- Obstetrics
- Paediatrics
- Pain Management
- Small Town Rural GP

End Points

Registrars will be expected to achieve an end point (Certificate level or above) for their chosen discipline.

Application process

Registrars are encouraged to plan ahead and in consultation with an EV Medical Educator/Training Advisor 'map out' what they want to do and where they want to end up through completion of a Training Plan.

To express your interest in a skills training post please contact the below:
