

EV Program Evaluation 2020

Two-way feedback

External Clinical Teaching Visits

Training Advisor Visits

Peer Learning Workshops

Purpose

- Identify how program activities 'work' to achieve their outcomes
- Determine areas of strength, improvement and innovation
- Inform future direction of EV's program

Key Questions

- What enables registrar learning?
- What provides meaningful evidence of registrar progression?

210+ Stakeholders

- Document review
- Interviews
- Surveys
- Email consultation
- EV's research & evaluation data

“...feedback

from supervisors is probably one of the most important things for your progression through the GP training program
- Registrar

”

Key priority areas based on the findings

Prioritise relationships

... for successful delivery of program activities, positive educational outcomes and detecting issues that matter

Clarify purpose

... of program activities and ensure this drives program delivery and reporting. Communicate the purpose to stakeholders

Enable access

... the online platform must be accessible, reliable & intuitive

KEY RECOMMENDATIONS

1. Prioritise and invest in connection and relationships across all levels
2. Clarify the purpose of program activities. Ensure this directs how the activity is delivered and reported
3. Review and improve the utility of forms and written reports
4. Enable flexibility of timing of program activities
5. Review the online platform to ensure it is accessible, reliable, and intuitive to use
6. Stronger accountability processes in response to variability across practices
7. Professional development opportunities to support the effective delivery of program activities
8. Collate all relevant data that provides an informed view of issues affecting registrar progression
